Healthy Eating at Meetings Curriculum . . .

An important role of OSU Extension is to promote healthy lifestyles, including healthy food choices and regular physical activity. As you organize meetings and other events in the workplace, it is important to model our commitment to healthy lifestyles by providing healthy food and beverage options. How can boxed lunches be made healthier? What type of pizza can be ordered? Are their healthy options for dessert? The newly revised Healthy Eating at Meetings materials can help you answer these questions and more! The new curriculum includes the Healthy Eating at Meetings guidelines, a PowerPoint presentation, informational table tents, and a commitment form. All can be found on the OSUE Human Resources website here:
